New Trendy, Square Hot Tub Design

Experience the fresh, modern look of our new square hot tub design. Sleek lines and a contemporary aesthetic make this hot tub a perfect fit for any stylish outdoor space. Combining cutting-edge design with ultimate relaxation, it's the perfect blend of trend and function.

BlackTex Cover

Made from UV-resistant AdvTex material, the BlackTex cover stands up to any weather while keeping its elegant black look. Lightweight, durable, and easy to handle — it protects your spa and adds a sleek, modern touch to your outdoor space.

New Headrest Design

Our new headrest offers greater comfort and is made from weather-resistant materials, ensuring durability and a relaxing experience in any condition.

Modular Luxury at Its Finest

Transform your outdoor space with our modular system, crafted for ultimate versatility and elegance.

Featuring a sleek hot tub with a sophisticated cover, a bar-style table with matching chairs, and a sumptuous sunbed complete with plush cushions and a cozy mattress, this design adapts to your every need.

Whether you're relaxing after a long day or enjoying time outdoors, this customizable design turns any space into a personal retreat of comfort and elegance.

Overflow with Ambient Lighting

Our hot tub features an elegant overflow design with a seamless water surface. The built-in ambient lighting enhances the experience, creating a soothing atmosphere and adding a modern touch to your relaxation space.

New Slim Jet Design

Introducing the ultra-sleek Slim Jet, designed for maximum comfort and style. Its flat profile ensures a smooth, unobtrusive surface, allowing you to fully relax even when it's not recessed into the acrylic. The integrated LED lighting adds a stunning visual touch, enhancing the ambiance and elevating your hot tub experience to new levels of luxury.

Customizable Hot Tub Side Paneling

Our innovative SmoothSide™ paneling offers a sleek, modern finish for your hot tub. For a personalized touch, choose from 3 WPS (Wellis Polystyrol System) colour. You can even match the paneling with the textiles used for your furniture, cushions, and mattresses to create a harmonious look. Additionally, select from three stylish rim colours to perfectly complement your outdoor design.

Stainless Steel Frame

Built with a durable stainless steel frame, this hot tub offers exceptional strength and longevity. The rust-resistant structure ensures stability and durability in all weather conditions, making it a reliable and long-lasting addition to your outdoor space.

Solid Wood Design

Crafted from premium solid wood, this furniture is both stylish and durable. Known for its natural resistance to weather and wear, this material offers long-lasting performance in outdoor environments. Its warm tones and smooth texture perfectly complement the elegant design, making it an ideal choice for luxurious relaxation spaces.

Smart Touch Control

The fully recessed Smart Touch control panel is seamlessly integrated into the hot tub, preventing the cover from pressing on it when closed. It also features a drainage system to keep splashed water away, ensuring durability and easy use.
